

## Bree Collaborative Implementation Survey Results | Hospitals Prostate Cancer Screening

This report summarizes adoption of the Bree Collaborative Prostate Cancer Screening Recommendations, completed by Washington State hospitals in 2016. We measured adoption of specific recommendations using 0-3 point scale, self-assessed by each hospital.

### **Results: 3 Hospitals Responding**

**0** -No action taken; **1** -Actively considering adoption; **2** -Some/similar adoption; **3** -Full adoption

	<b>AVERAGE SCORE</b>
There is support for communication and education of patients that accurately reflects the most recent medical knowledge on PSA testing for prostate cancer screening	2.33
Discussions are encouraged between clinicians and patients about the potential harms, benefits, and conflicting evidence for PSA testing for prostate cancer screening. Only men who express a definite preference for screening should have PSA testing	2.33

### **Scale**

We measured adoption of specific recommendations using 0-3 point scale, self-assessed by each hospital.

0 - No action taken	<ul style="list-style-type: none"> <li>• No leadership awareness of Bree Collaborative Topics</li> <li>• No team formed</li> </ul>
1 - Actively considering adoption	<ul style="list-style-type: none"> <li>• Bree topics, aims and components have been discussed</li> <li>• Education, assessment, information gathering</li> <li>• Changes planned but not tested</li> <li>• Information gathering and baseline measurement begun</li> </ul>
2 - Some/similar adoption	<ul style="list-style-type: none"> <li>• Initial test cycles completed for more than one element</li> <li>• Quality metrics and data available demonstrating adoption/effectiveness</li> <li>• Other similar (Bree-like) changes adopted for this topic</li> </ul>
3 - Full adoption	<ul style="list-style-type: none"> <li>• Changes implemented in all areas</li> <li>• All components integrated into care process (i.e. orders, etc.)</li> <li>• Partial or complete closure of gap between baseline &amp; target outcomes</li> </ul>

### **Participating Hospitals**

#### CHI Franciscan Health

Highline Medical Center  
St. Elizabeth Hospital  
St. Francis Hospital  
St. Joseph Medical Center  
Harrison Medical Center

#### University of Washington

Harborview  
Valley Medical Center  
Northwest Hospital  
University of Washington Medical Center

#### Confluence Health-Central Washington Hospital

#### The Everett Clinic (surgical bundle topics)

#### MultiCare

Tacoma General Hospital  
Good Samaritan Hospital  
Auburn Medical Center  
Covington Hospital  
Mary Bridge Children's Hospital

#### Swedish

First Hill  
Cherry Hill  
Issaquah  
Ballard  
Edmonds

#### Virginia Mason Medical Center
